Fire design for luxury living.

## SIGNATURE BURNER

The Signature Burner collection by Beauty Fires® offer the user the ability to create their own unique fireplace. The signature collection was designed to accommodate both commercial and domestic installations. They are vent free which allows you to place them in areas previously not possible with wood or gas fireplaces.

An Architect's favourite choice these bioethanol fires enhance any design that it is incorporated into. The Signature collection sets itself apart from others with its design and impressive heat output. Manufactured in 4 and 6mm stainless steel they are considered to be amongst the best globally and will provide beautiful heat many years after installation. The Signature biofuel burner collection has 3 size options. Be creative and design the fireplace you have always wanted.

Bioethanol burns clean and is environmentally friendly. It produces no harmful emissions. The flame is natural and soothing providing a gentle heat and ambiance. The Signature Burner collection is designed and manufactured by Beauty Fires® in South Africa.
